# GT-7115Q/GT-7116Q

POS Terminal

## Superior UX with a 4mm Ultra-Narrow Bezel, 400 nits oTP Display, and More.

The GT-7115Q/GT-7116Q Series POS terminal combines a sleek design with powerful performance. Its ultra-slim, fan-free design features a vibrant multi-touch display with a 4mm ultra-narrow bezel\*, featuring an on-cell touch panel with a brightness of 400 nits. The ideal POS terminal for any commercial space, enhancing efficiency and style.

### On-Cell Touch Panel for Superior Visuals

Featuring an on-cell touch panel with a brightness of 400 nits, the display offers high transparency and improved optical performance. This enhances visual clarity, reduces parallax, and delivers a smoother user experience.

\*Only 15.6-inch support 4mm ultra-narrow bezel

### Special Hatch Design for Easy Access

The back cover supports the VESA 75 mounting standard. The special hatch design enables tool-free operation, allowing easy I/O access without the need to disassemble the mount. It is suitable for pole mount installations to benefit from ease of maintenance and space management.

### Enhanced Efficiency, Durability and Reliability

Powered by Intel's 11th Gen Tiger Lake processor, the system delivers outstanding performance for demanding tasks. The fan-free design enables silent operation, reduces mechanical failure risk, and ensures reliable performance.

### Dual-Sided Attachments for Enhanced Versatility

Support attachments on both the left and right sides, offering greater flexibility and a more comprehensive range of options. This expanded support not only accommodates additional attachments but also allows for use by both left- and right-handed users, providing flexible installation to meet diverse needs.

\*Only RA-105 and RA-106 have left and right side versions available.

### The Ideal POS Terminal for Any Commercial Space, Enhancing Efficiency and Style

- Convenience Store
- Supermarkets / Hypermarkets
- Food & Beverage
- Brand-Designed Store / Fashion Boutique
